

**U.S. Bankruptcy Court  
Western District of Oklahoma**

**ECFiler Update**

Special Edition November 2007

## **UPGRADE TO CM/ECF VERSION 3.1.6**

The U.S. Bankruptcy Court for the Western District of Oklahoma has upgraded CM/ECF to Version 3.1.6 this week. Some users have reported problems with filings since the upgrade.

Attorneys should check with software providers to ensure that all available modifications and/or patches are installed. For example, some attorneys using Best Case software have reported that Exhibit D is not filed automatically when using case upload.

As noted in the ECF Filer sent earlier this month, many forms will change effective December 1, 2007. To avoid receiving corrective entries for using old forms, please ensure that the current forms are used for all filings. The new forms may be found at <http://www.uscourts.gov/bankform/index.html#director>.

As always, please call the CM/ECF Help Line at (405) 609-5719 if you have questions or problems.
